Pothos Tips

- Place the plant in the front of the room where all students can see
- Have students take turns watering 1/2 cup every Monday (once a week)
- If the leaves turn yellow, the plant is getting too much water!
- Place pothos away from the A/C vent
- Ask students to name the plant

FAQs

- Increase attention by 70%*
- Lower stress and anxiety*
- 40 sec of viewing the plant before a test will get better results*
